Please let Ashley and me know if this is in anyway related to the Soitec project.

Thanks,
Rob

Rene,

Always send public comments to the project manager whom will review them with you to see which staff is best suited to respond – we'll need to provide responses to each inquiring party.

Thx, jarrett

Subject: Questions from neighbor regarding ROUGH ACRES RANCH ROAD

Ed and Jarrett,

Since the questions below from Randy and Laura Felten (neighbors to Rough Acres Ranch) are all across the board, how do we handle them?

It appears there were prior messages and phone calls on the matter.
Thanks,

Regarding Case Number: PDS2011-2700-15622; PROJECT: PDS2011-2700-15622 - ROUGH ACRES RANCH ROAD WE HAVE SEVERAL QUESTIONS FOR YOU REGARDING THIS GRADING PERMIT -- 1. What is the difference between a major grading permit and a regular grading permit. 2. Where can I get a copy of the permit application. 3. Where can I view all the documents that have been submitted to the planning and development services. 4. Where are the reports required when dealing with biologically sensitive lands. 5. Gnatcatcher? 6. Did the planning group already vote to approve? What was their recommendation? Your response is greatly appreciated and my calls and messages left were never returned. Our property is bordering Rough Acres Ranch. Thank you. Randy and Laura Felten, 2669 Ribbonwood Rd., Boulevard, CA 91905
